

Minutes
Market Monitoring Unit Advisory Committee
Webinar
Friday, December 2, 2022
2:00 PM – 5:00 PM

1. Overview

Joe Bowring provided an overview of the IMM's activities in 2022.

2. Charter

Jeff Mayes presented the provisionally effective MMUAC Charter for discussion and comment. No questions or comments were received. The Chair formally declared the MMUAC Charter effective.

3. Market Monitoring Provisions Related to State Entities

Jeff Mayes provided an overview of the provisions in the PJM Market Monitoring Plan relating to state entities. Such provisions implicate all of the core functions of the market monitoring function and concern both federal and state jurisdictional matters.

4. Uplift Issues / ICAP Must Offer Compliance

Joel Luna reviewed some of the issues with the payment of uplift to units not following dispatch, and the failure to enforce the energy market must offer rule for capacity resources based on their ICAP obligations.

5. Market Issues

Catherine Tyler discussed current energy market issues, including the reasons for high LMPs in the first nine months of 2022, the impact of transmission constraint penalty factors on LMP, and issues related to the implementation of a circuit breaker.

6. Congestion

Howard Haas reviewed the fundamentals of congestion in an LMP market.

7. Regulation

Howard Haas reviewed current issues in the regulation market design.

8. Request for Stakeholder Feedback

Joe Bowring solicited and responded to questions and comments from stakeholders concerning the IMM's implementation of the PJM Market Monitoring Plan.
