SUBJECT: Black Start Data Submittal to IMM: MIRA System Now Open

Per Section 17 of Schedule 6A of the PJM OATT, the period for submitting black start data to Monitoring Analytics, the Independent Market Monitor (IMM) for PJM, will commence on May 1, 2016, and conclude on May 14, 2016. To support the data submittal and confirmation, Monitoring Analytics has developed a new Black Start module in the Member Information Reporting Application (MIRA) system.

The Black Start module in the MIRA system is now open for black start cost data submittal.

Monitoring Analytics staff members are available to provide guidance in using the Black Start module by telephone or email, and instructions for using the Black Start module in MIRA can be found in:
