**Re: Parameter Limited Schedule Matrix, (Period 1, 2009)**

PJM Stakeholders:

Please be advised that the Independent Market Monitor for PJM has conducted its bi-annual review of the values included in the Parameter Matrix as required by [Business Rule 23](#) of the PJM Operating Reserve Construct, Version 6 (Approved by Members Committee on Nov. 15, 2007) (Minimum Generator Operating Parameters–Parameter Limited Schedules). Our analysis confirms that the existing values continue to be appropriate. They will remain effective for “Period 1,” which runs from April 1–September 30, 2009. Please direct any questions to Monitoring Analytics at (610) 271-8050 or by email at [MA@monitoringanalytics.com](mailto:MA@monitoringanalytics.com).

Best regards,
