Re: Parameter Limited Schedule Matrix (Period 1, 2011)

PJM Stakeholders:

Please be advised that the Independent Market Monitor for PJM has conducted its review of the values included in the Parameter Limited Schedule Matrix as required by Section II.B.1 of the Attachment M-Appendix to the PJM OATT. Section II.B.1 requires that the IMM post changes to unit class specific parameter limits no later than December 31, 2010 for the period commencing April 1, 2011.

Our analysis has confirmed that the existing values continue to be appropriate. Consequently, no changes have been posted, and these values remain effective for "Period 1," which runs from April 1, 2011 through September 30, 2011. Please direct any questions to Monitoring Analytics at (610) 271-8050 or by email at MA@monitoringanalytics.com.

Best regards,
Joseph Bowring
