## MARKET NOTICE

June 22, 2011

### **Re: Parameter Limited Schedule Matrix (Period 2, 2011)**

PJM Stakeholders:

Please be advised that the Independent Market Monitor for PJM has conducted its biannual review of the values included in the Parameter Limited Schedule Matrix as required by Section II.B.1 of the Attachment M - Appendix to the PJM Open Access Transmission Tariff. This section requires that the MMU post unit class specific parameters on or before June 30<sup>th</sup> prior to the commencement of the next period.

Our analysis confirms that the existing values continue to be appropriate. They will remain effective for "Period 2," which runs from October 1, 2011 through March 31, 2012. Please direct any question to Monitoring Analytics by phone at (610) 271-8050 or by email at [MA@monitoringanalytics.com](mailto:MA@monitoringanalytics.com).

Best regards,
