Re: RPM Must Offer Obligation

Dear Ms. Bose:

Section II.C.1 of Attachment M-Appendix of the PJM Open Access Transmission Tariff provides:

The Market Monitoring Unit shall maintain, post on its website, provide to the Office of the Interconnection and file with the Commission for informational purposes (updated, as necessary, on at least a quarterly basis), a list of existing Generation Capacity Resources located in the PJM Region that are subject to the "must offer" obligation set forth in Section 6.6 of Attachment DD.

Accordingly, Monitoring Analytics, LLC, acting in its capacity as the Independent Market Monitor for PJM, files with the Commission and posts on its website (www.monitoringanalytics.com) the attached list of PJM existing generation capacity resources, as reflected in the eRPM system, which, as of the date hereof, are subject to the must offer obligation for the 2012/2013 delivery year. This list does not include demand resources, energy efficiency resources, planned generation resources, or external generation resources. This list does not account for RPM commitments, FRR commitments, or exports for the 2012/2013 delivery year or such other alternative means by which the the requirement set forth in Section 6.6 of Attachment DD may be satisfied.

Sincerely,

Jeffrey W. Mayes, General Counsel
