Re: Parameter Limited Schedule Matrix

PJM Stakeholders:

Please be advised that the Independent Market Monitor for PJM has conducted its annual review of the values included in the Parameter Limited Schedule Matrix. The values in the Parameter Limited Schedule Matrix included in Section 6.6(c) of Schedule 1 of the Operating Agreement are applicable for generation capacity resources that are not committed as Capacity Performance resources or Base Capacity resources.

The MMU review confirms that the existing values continue to be appropriate and should remain in effect for generation capacity resources that are committed as annual capacity resources but are not committed as Capacity Performance resources or Base Capacity resources for the 2018/2019 delivery year.

Please direct any questions to Monitoring Analytics by phone at (610) 271-8050 or by email at MA@monitoringanalytics.com.

Best regards,

Joseph Bowring
